Request for Attendance Consideration for missed lectures

I am writing this to bring the caption for your kind attention.

As a member of University Wrestling team I was participated Practice sessions for the upcoming events, such as faculty meets and university level meets. During that time I was unable to participate some lectures and practical sessions.

I deeply value my academic responsibilities and regret missing the practical session. I kindly request to accept this letter and mark my attendance for the missed lectures mentioned in the attachment.

Thank You!

Your Sincerely,

.....
